NEW MEMBER OF FLOWERTRIALS

Beste klanten,

Het jaar 2019 zijn we alvast gestart met het goede nieuws dat Decock Plants lid geworden is van de FLOWERTRIALS®. Na meer dan 33 jaar actief te zijn op de jonge planten markt en na enkele succesvolle jaren van het ontwikkelen van onze eigen soorten Lavandula Fantasia® en Osteospermum Gelato®, vallen deze sterk in de smaak van onze kwekers. Hierbij stellen we jullie onze nieuwe catalogus voor.

Bezoek zeker onze website www.decockplants.be of volg ons op social media.

Chers Clients,

Nous avons déjà commencé l'année 2019 avec la bonne nouvelle que Decock Plants est devenu membre du FLOWERTRIALS®. Après avoir été actifs sur le marché des jeunes plants pendant plus de 33 ans et après plusieurs années fructueuses de développement de nos propres variétés de Lavandula Fantasia® et d'Osteospermum Gelato®, elles sont grandement appréciées par nos producteurs. Nous vous présentons notre nouveau catalogue.

N'oubliez pas de visiter notre site Web www.decockplants.be ou de nous suivre sur les réseaux sociaux.

Dear Customers,

We already started the year 2019 with the good news that Decock Plants has become a member of the FLOWERTRIALS®. After being active in the young plant market for more than 33 years and after several successful years of developing our own varieties of Lavandula Fantasia® and Osteospermum Gelato®, they are greatly appreciated by our growers. Hereby we present our new catalogue.

Be sure to visit our website www.decockplants.be or follow us on social media.

OSTEOSPERMUM Gelato®

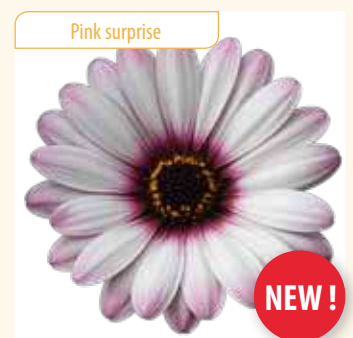

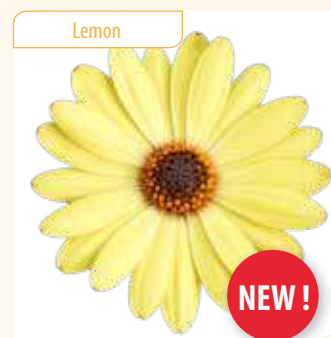

VARIETIES DECOCK

"The osteospermum Gelato® series is an early and compact series. The branching is very good due to it's genetics and the special way how we handle our youngplants"

« La série osteospermum Gelato® est une série précoce et compacte. La ramification est très bonne en raison de sa génétique et de la manière particulière dont nous produisons nos jeunes plantes. »

« De Osteospermum Gelato® series is een vroege en compacte serie. De vertakking is zeer goed vanwege de genetica en de speciale manier van omgaan met de jonge planten.

BEDDING PLANTS

"All our Osteospermum Gelato® rooted cuttings are hand pinched before delivery. This guarantees a uniform growth, good branching and is foolproof for the grower."

« Toutes nos boutures racinées Osteo Gelato® sont pincées à la main avant la livraison. Cela garantit une croissance uniforme, une bonne ramification et est inratable pour le producteur. »

"Al onze Osteospermum Gelato® bewortelde stekken worden met de hand getopt vóór de levering. Dit garandeert een uniforme groei, goede vertakking en is onfeilbaar voor de kweker."
