LEMPAN PREMIUM HARDWOOD

Data sheet

LEMPAN Premium Hardwood is a durable plywood. The core is made of the finest quality hardwood veneers. For the face veneers you can choose between hardwood or the ecological version with engineered veneers, E-Vision.

| Standard |

For the standard version the face veneers are made of premium quality hardwood, FSC®-certified.

| E-Vision |

E-vision has the same features as the standard version, but the faces are made with engineered veneers. E-Vision is therefore a 100% ecological panel.

AVAILABLE SIZES

length x width	thickness
2500 x 1220 mm	9 mm (7 plies = 5 + 2) 12 mm (9 plies = 7 + 2) 15 mm (11 plies = 9 +2) 18 mm (13 plies = 11 + 2) 22 mm (11/13 plies = 9/11 + 2)
2140 x 1220 mm	18 mm (13 plies = 11 + 2)
