

AQUACENTRE

Froidchapelle • Belgium

Cas

The Aquacentre reopened on 5 May 2015 following major renovation work on the swimming pool, which originally dated back to 1999. The renovations were aimed at meeting new environmental standards and the evolving expectations of visitors, with a particular focus on hygiene and environmental responsibility. A total of 2,000 m² of floor area was coated with a Libert HACCP-compliant paint system.

System

- Primer: **Solfix**
- Top coat:
 - 1 layer of **Mixtane Roller** + 5% de polypropylene beads
 - 1 layer of **Mixtane Roller** without beads
