Footwear

Craft Footwear includes a wide range of functional shoes for many types of sports, both indoors and outdoors. The shoes offer great grip, anatomical design and excellent energy return for optimal comfort and performance.

i2 Control

i1 Cage

MEN	1908272	EU 39½ - 48½, UK 6-13
WOMEN	1908273	EU 35½ - 42, UK 3-8

This shoe is fast, responsive and lightweight while maintaining the highest level of durability and support. A low-profile ARC Foam™ platform with full ground contact traction rubber outsole give great ground feel while the form is perfectly engineered for lateral stability. The upper features a KPU cage that is flexible, light and incredibly strong. This shoe is the complete package for serious indoor athletes.

• Durable yet breathable nylon mesh upper
• KPU engineered cage with mid-foot flexible ribs, heel stability layer, durable toe cap reinforcement and added lateral durability to prevent blow-outs.
• Lightweight ARCFoam midsole with responsive tuning
• Outsole has premium grip rubber compound for superior traction
• TPU chassis under the foot for best-in-class stability

Material: 100% Textile(70% Nylon 30% Polyester)+KPU, 100% EVA **Outsole:** 100% Rubber

V150 Engineered

MEN	1908265	EU 39½ - 50½, UK 6-15
WOMEN	1908264	EU 35½ - 42, UK 3-8

Mid-distance road-running shoe that offers excellent flex and support, which makes it a great choice also for speed intervals and longer runs. V150 Engineered comes with a fully engineered mesh upper for optimal freedom of movement, comfort and performance. V Energy Foam in the midsole's forefoot area provides high-caliber energy return, elevating your stride and giving that extra push to help you reach your goals. The shoe is built on a last design that follows the natural contours of the foot and comes with flexibility in the right areas to allow the foot muscles to work and perform as they are intended to. Furthermore, V150 Engineered features neutral stability to offer the right level of motion control for runners with normal pronation or a neutral foot movement.

- Lightweight engineered mesh upper ensures great breathability
- V Energy Foam in the midsole's forefoot area provides high-caliber energy return
- Last design that follows the natural contours of the foot
- Neutral stability for optimal motion control for runners with normal pronation
- V-flex zones in the outer sole increase stability and provide natural flexibility
- Vibram rubber outsole offers superior grip on wet and dry surfaces
- Anatomical shape
- Drop: 6 mm

Material: Upper Mesh: 60% Polyester 40%Polyamide **Insole:** EVA with single mesh **Lining:** 100% Polyester **Outsole:** 100% Rubber **Midsole:** 100% EVA **Insole:** EVA with single mesh

Don’t break
the chain.

Craft Principle

Since 1977 we have been actively involved in the research and development of ventilation and moisture dispersal properties for different fabrics. The fruit of these efforts is the Craft Principle, our way of providing functional training and competition wear that ensures the best body micro-climate (the temperature and moisture conditions closest to the body) for optimal performance.

An intensive training session will result in the body producing a considerable amount of sweat. This is just how it should be and a confirmation that you are pushing your limits. If you are not wearing functional clothes, the sweat will remain in place and block the pores, causing your body heat to rise. Eventually the clothes will turn into a damp, cold and heavy “envelope”, relentlessly hampering your performance.

If you are wearing functional clothes, however, the skin will stay dry and you will be able to perform at an ideal working temperature. Craft’s functional clothes, in up to three layers, create a perfect microclimate and provide the basis for optimal performance. Each layer is equally important and complements the rest of the chain.

Baselayer

Base layer that efficiently transports moisture away from the skin and distributes it on the outside of the garment, where it either evaporates or is passed on to the next layer. For optimal performance and comfort, Craft baselayer should always be worn underneath your outer layers, regardless of weather conditions.

Midlayer

Craft midlayer provides insulation and warmth while transporting moisture and excess heat to the next layer or into the surrounding air. When the thermometer creeps downward, this layer enables you to retain valuable body heat without reducing your freedom of movement.

Protection layer

The third and outermost layer is your shield against the elements and provides comfort and performance no matter the conditions. Transcending the laws of logic, craft protection layer protects against rain, wind and cold at the same time as it releases surplus heat and moisture from the layers underneath.

SUSTAINABILITY

DESIGNED FOR WORK. MADE FOR THE LONG RUN.

Circle is our initiative for sustainability, and an integral thread that runs through everything we do. From design to delivery and beyond. Its purpose is simple - to encourage conscious choices that minimize the environmental impact of our products. For example, we only source cotton and wool made in accordance with the Global Organic Textile Standard and favor recycled polyester over virgin polyester, which reduces carbon emissions by 79% per item. By 2023, our goal is that all Craft products will be fully or partially made of sustainable fabrics.

To protect our shared arena, we also collaborate with organizations such as RISE Chemical Group to ensure that no prohibited chemicals are used during production. For the same reason, all packaging are made from sustainable materials such as biodegradable plastic and FSC®-certified paper. When it comes to shipping, we have set a goal of zero emissions due to air freight by 2025, and work closely together with the Clean Shipping Index to favor environmentally responsible modes of transportation.

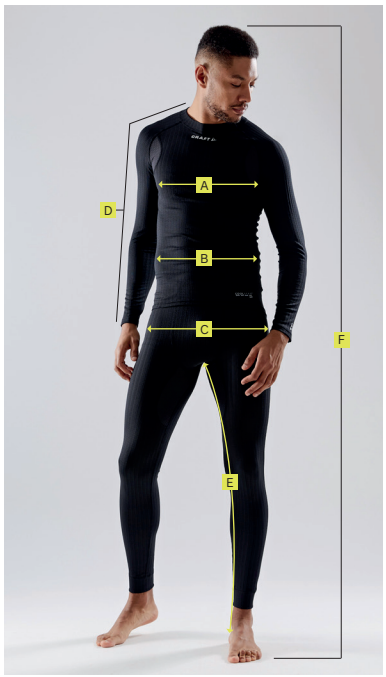

Craft Circle

CRAFT

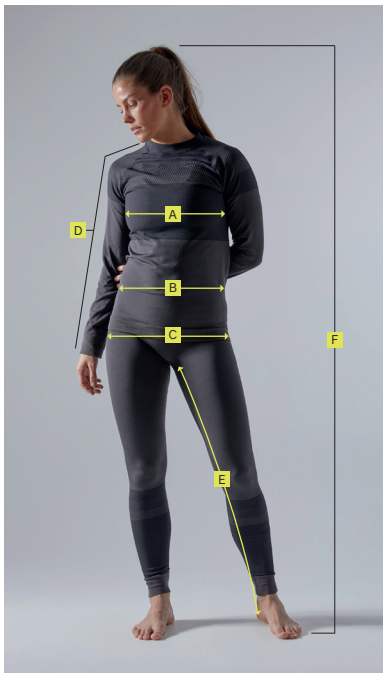

Size guide

Use the chart below to determine your size. If you're on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit. If your measurements for chest and waist correspond to two different suggested sizes, order the size indicated by your chest measurement.

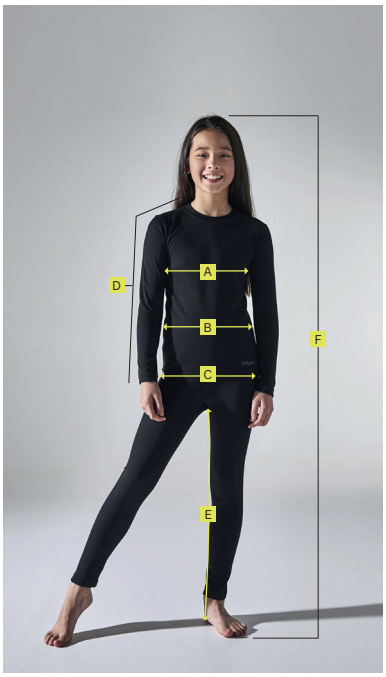

How to measure yourself

MEN

WOMEN

JUNIOR

A. CHEST
Wrap a tape measure evenly around the fullest part around the chest under your arms.

B. WAIST
Wrap a measure tape around your natural waistline.

C. SEAT
Standing with your feet together, measure around the fullest part of your hips.

D. SHOULDER AND SLEEVE LENGTH
Measure from the lowest part of the neck, over the tip of the shoulder and down the outside of the arm, past the elbow and to the wrist. Keep the arm slightly bent.

E. INSIDE OF LEG
Standing with your feet together, measure from the crotch all the way down to the floor. Don't forget to stand as straight as possible. You may have to ask a friend to help you.

F. LENGTH
The total length of your body.

Size guide footwear

How to measure your feet

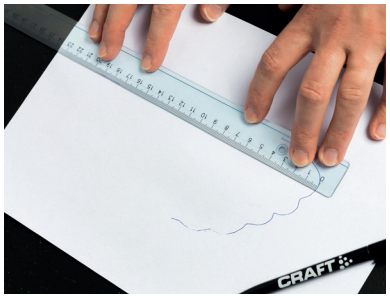

Step 1

Stand up straight on a hard surface with your heel against the wall and a piece of blank paper taped to the floor.

Step 2

Have someone mark the longest part of your foot (referred to as heel-to-toe length) on the paper with a pen or pencil, or measure yourself if necessary. Repeat with the other foot, as sizes may be different on left and right foot.

Step 3

Use a ruler to measure the heel-to-toe length you marked for each foot.

THINK GLOBAL

Why should you use Craft as a supplier?

- Multisport brand with a Swedish heritage.
- Complete collections for women, men and junior.
- Timless design.
- Swedish centralized warehouse with big stock.
- A consistently high level of service.
- Access to Crafts' other assortment with such as baselayers and accessories.
- Craft is a part of New Wave Group - a group with multifaceted knowledge and wide range.

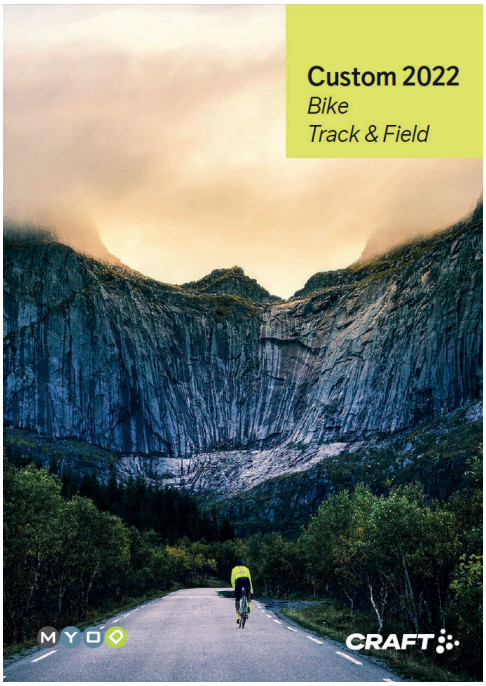

But perhaps most importantly: Playing with us brings security to know that optimal performance, clearer identity and reinforcement of club feel are always at your fingertips. All days all year round.

ACT LOCAL

Explore also the other Craft Collections:

With passion for sports and commitment to innovation, design and performance, we offer tools for sport achievements that inspire and enable athletic progress for world champions and everyday heroes.
